

What I Like About My Town

Although there are many great towns, Inyokern is my favorite place for these reasons. There good too!

First, Inyokern is the sunshine capital of the USA. Inyokern was built in 1909. The small town community has a park, retirement home, stores, tow gas stations, and a school. Second, Inyokern is my favorite place because you have beautiful days and the mosquitoes don't bother you. If you were to play in the fall could play all day without getting too hot. The winters are great because you hardly ever get snow. Snow comes three to five years to five years.

Third, you have wide open spaces to play when you run around. The wide open spaces give you enough room to let your imagination EXPLODE!!!

Fourth, when all of that is over take a seat somewhere and look at the sky and think... you know what I'm going to play space astronaut tomorrow. Cool right if you don't think so that's all right that's awesome to me.

Fifth, Inyokern is my the place to because it's quiet nobody bothers you are always at peace. I sometimes do some embarrassing stuff. My neighbors see me do it and they don't laugh.

So as you can see, Inyokern never really has traffic. Not too many people pass through the town. Inyokern is the perfect place to be to me.
